TERSELY TOLD.

Mr. and Mrs. Ernest F. Pfeiffer, of East Government street, are the parents of a fine boy.

A. P. Hardee, of Milton, president of the First National Bank, of that place, is here on business.

The Pensacola Library Association will hold a business meeting in the library, Friday evening at 5 o'clock, and the members are invited to be there.

Mrs. W. H. Nealeans, of Birmingham, reached the city yesterday afternoon and joined her husband, W. H. Nealeans, of the Journal mechanical department. She will in future reside in this city.

The Journal has a large number of replies to want ads for X. Z., W. O. D., R. E. T., No. 120, H. J. W., A. B. C., Refrigerator, H. R. D. M., F. R. W., V. S. Y. H., Housekeeper, O. I. C., Cottage, 29, P. C., J. G. B., Permanent, Owners will please call for them.

Dr. Harley Cawthon, of DeFuniak, is in the city, and will locate here and practice his profession, that of dentistry. He has secured offices in the Masonic building and will probably open them within the next two weeks. The young man has many friends in the city who are glad to learn that he has located here.

Dr. G. P. Henry, the enterprising mayor of DeFuniak, spent the past two days in Pensacola, seeing the battleships, greeting friends and looking over the city. Mayor Henry thinks that Pensacola has a great future and he says he sees now numerous evidences of progress and growth on all sides.

W. H. Trainer, who recently sold his soda water and candy business to Mrs. Wiggard, is in the city for a few days after a brief visit and vacation spent in Baldwin county. Mr. Trainer will go on the road for the cigar man.

INTERESTING PROGRAM FOR NEXT FRIDAY

ATHLETIC MEET BETWEEN THE TWO HIGH SCHOOLS OF PENSACOLA, WHEN MANY CONTESTS WILL BE WITNESSED—MUCH INTEREST IS BEING TAKEN.

One of the most interesting events to occur in Pensacola in high school circles will be pulled off Friday, when teams from High School No. 1 and the Classical School will meet and enter in twelve different athletic contests.

A handsome cup will be presented to the school winning the majority of the events, which will be contested for each year. There will no doubt be a large number of persons out to witness the various sports which are to occur on that day.

Evidently both contesting schools are striving hard. As this is the first event of this kind that has been witnessed here in some years. At least, it may not be amiss to explain what form the contest is to take.

There will be thirteen events in all. The order in which these are to come seems not yet to have been decided, but it will probably be as follows:

1. Hammer throwing; that is throwing a twelve pound iron ball, at the end of a wire handle about four feet long. The contestants in this will probably be for the High School, Yates, Caro and Rogers; for the Classical School, Sublett, Stillman, Harvey, Greenwell and Morgan.

2. Shot Putting, throwing a 12 pound iron shot straight out from the shoulder. The entries for this will likely be, for the Classical School, Stillman, Morgan, Greenwell and Harvey; for the High School, Hunt, Rogers and Caro.

3. Standing Broad Jump. High School; Barrow and Hunt; P. C. S. Brent Zeek, Harvey.

4. Running Broad Jump. P. C. S. Harvey, Avery, Zeek; H. S. Rogers, Barrow and Hanna.

5. Standing High Jump. High School, Hanna and Hunt; P. C. S. Brent, Avery and Zeek.

6. Running High Jump. P. C. S. Brent, Harvey, Avery; H. S. Hanna, Barrow and Hunt.

7. H. S., Hanna, Barrow; P. C. S. Brent, Zeek.

8. Pole Vaulting. H. S. Hanna and Barrow; P. C. S. Harvey, Zeek and Avery.

9. 100-yards P. C. S. Brent, Avery, Zeek; H. S. Hunt, Hanna.

10. 220-yards. P. C. S. Sublette, Brent, Avery; High School, Barrow, Palmer and Saunders.

11. 440. High School, Saunders, Wilkerson, Hanna; P. C. S. Sublette, Friedman, Sackoff.

12. Half mile. High School, Hanna, Palmer, Saunders; P. C. S. Harvey, Brent.

13. Relay race to be run by four runners from each school over one mile course. The teams for this have not yet been selected, but the event has been reserved for the smaller boys—none to exceed 100 pounds in weight.

These entries are given only as probabilities. Captain Brent of the Classical School track team and Captain Hunt of the High School not having definitely determined the best disposition to be made of them.

It will be a series of well contested events and it is to be hoped that a large crowd will encourage the boys with their attendance. There will be a small admission fee of 25 cents, and the athletic teams in both schools are in need of what can be collected at the gate. These are contests that teach pluck and manliness. Come and see it. When the last contest has been decided the handsome cup donated by the citizens of the city will be awarded to the captain of the winning team. The judges will be Messrs. McGowan, Ernest Baars, Sherrill, W. A. Blount, Jr., and Dr. Kennedy.

Eczema, scald head, hives, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

EXCURSION TO-DAY.

Capt. Bennie Edmundson will run the fast cabin launch "Cupid" to Santa Rosa Island and the Life Saving station to-day, leaving the city wharf at 9:30 o'clock a. m. Fare for the round trip, 50 cents.

PROMOTIONS

AT THE L. & N.

E. I. QUINA, WHO HAS SERVED FOR TWENTY-ONE YEARS, HAS BEEN ADVANCED.

A number of promotions in the yard department of the Louisville and Nashville have occurred during the past few days, and a number of the oldest employees of the system have been advanced.

E. I. Quina, the assistant yard master, who has been in the service of the company for twenty-one years, was promoted to the position of car clerk at the freight depot, and he has assumed charge of his duties there. He is one of the oldest employees of the company and has been working in the yardmaster's office for a number of years.

Hugh Amos, formerly night yardmaster, has been promoted to the position vacated by Mr. Quina, after having served as night yard master for about one year.

Another promotion is that of R. J. Robertson, foreman of one of the engine crews, who fills the vacancy caused by the promotion of Mr. Amos.

All of the new men have assumed their new positions and are giving entire satisfaction.

SALVATION ARMY SELF-DENIAL WEEK

IT WILL BEGIN APRIL 16—SOMETHING OF THE OBJECT AND WORTH OF THAT PERIOD.

The Salvation Army Self-Denial Week seems to be now incorporated amongst our national undertakings. It seems almost superfluous to explain the object of this annual movement; but for the sake of those readers who may not be intimately acquainted with the project, it might be explained that for one week each year all Salvationists agree to not only do without all luxuries but even some of the necessities of life, in order to help swell the general fund in aid of the Home and Foreign Missionary Work of the organization.

This year the date has been fixed from April 16 to April 23.

Not only members of The Salvation Army, but also the innumerable friends of this movement are interested in the effort on account of its being the first to be held under the new Commander, Miss Eva Booth. Miss Booth's magnificent work in Canada, Great Britain and elsewhere, is in itself a pledge that all money derived from the work will be expended to the utmost advantage, in behalf of the good of this country and the Missionary Work abroad.

TOPEKAS WERE DEFEATED BY THE OREGON TEAM.

The Orioles and the team from the cruiser Topeka played a pretty game of ball Sunday afternoon, resulting in a victory for the Orioles by the score of 6 to 4. Quite a number of spectators witnessed the contest, and enjoyed some sensational plays made by the men.

The feature of the game for the Orioles was a two base hit made by Willie Bell, who played center field for the Orioles and the all-around playing of Charlie Tourant, who not only made a fine catch of a line drive, but also made a good throw home, cutting down a runner at the home plate. In the fifth inning he went into the pitcher's box and the Topekas did not secure a hit off him.

Golling and Russell, of the Topeka team, made several long hits for their team.

GOLD DREDGING COMPANY HAS INTERNAL TROUBLES.

By Associated Press.
San Francisco, April 4.—The Call says to-day:

"John Hays Hammond, the well known mining engineer and representative of the Guggenheim syndicate, has secured control of the Oroville Gold Dredging and Exploration Company by ousting an opposition clique, which heretofore has maintained the direction of this company's affairs. Mr. Hammond came west several weeks ago with the avowed purpose of contesting the control of this corporation, in which he and his associates are largely interested and he finally succeeded in purchasing a block of ten thousand shares which gave him and his party a majority of the company's stock.

The Call further says that before leaving for the east on Saturday last, Mr. Hammond, as the representative of the Guggenheims, completed the long pending negotiations for the purchase by the smelter trust of the Selby Smelting and Lead Works.

It is expected that the new owners will begin to direct the control of the Selby works next month. The sale will include the Selby plant at Vallejo junction and its lead works and assay office in this city.

NOTES FROM THE MISSOURI

MANY INTERESTING EVENTS WHICH HAVE OCCURRED RECENTLY ON THIS SHIP.

Not long ago one of the well known quartermasters returned from liberty, overtime and in a much battered and bruised condition. After being conducted forward he was questioned regarding his appearance and remarked with some difficulty: "Well, boys, I was climbing the side of a house to clear the colors when the rigging gave way and I fell the remaining two stories into the water."

The base ball team from the Maine played the team from the Missouri yesterday afternoon at Palmetto Beach, the Missouri winning by a score of nine to two. Very few rooters were present, as there seemed to be an agreement before the game to that effect.

On board of the Missouri is a mascot—a goat whose first appearance on shipboard was made in Guantanamo Bay, and who, at evening quarters, insists on marching to the quarter-deck in front of a division until after prayers are over, then slowly making his way to the forecabin again.

Luther Taylor, a coal passer, in the U. S. N., who was apprehended in Macon, Ga., a few days ago, has been delivered on board the Missouri by Detective Reilly, of Macon.

NEW YORK ASSEMBLYMEN SEEK ADVICE OF FOLK.

New York, April 4.—Assemblymen Alexander, Colby and Robbins of the New Jersey legislature will, it is reported, start for Missouri in a few days as a committee to ask Governor Folk to suggest the best manner of barring lobbyists from the house and rendering their work null.

Bishop Favier is Dead.
Pekin, April 4.—Bishop Favier of the Lazarist mission died here to-day. He had resided in China for forty years.

A POSSIBILITY

That Became a Fact and Pleases Many People.

A. R. Lewis, M. D., in a lengthy article in the columns of the American Journal of Health, says concerning hair: "It's deterioration is a constant source of worry to humanity, consequently bald people are readily deceived by fake hair restoratives. The wish that a hair preparation will 'fill the bill' is rather to the fancy that it is likely to do so. A rare case in point is that of Newbro's Herpicide, which actually does 'fill the bill.' It destroys the parasite that attacks the hair root and prevents dandruff, falling hair and baldness." Sold by leading druggists. For sale by W. A. D'Alamberte, druggist and apothecary, 121 S. Beer needs no words of recommendation and praise before the public. A beverage as brewed by that extensive firm is like U. S. currency—people take it because they know it is an

and genuine article, and that, like pure air and nutritive food, it is beneficial to health. Because the beer of the Hofbrauerer in Munich is delicious, men, women and children are seen waiting for hours to be served, because the supply of

is not equal to the demand. Even so with Lemp's product. Located at St. Louis he established one of the largest breweries in the world, and yet every year the capacity has to be increased.
